SUPREME COUNCIL MEETS TO MAKE FINAL DECISION

ON GERMAN REPARATIONS QUESTION—NEW PROPOSAL WILL BE REJECTED

WILL DECIDE ON PENALTIES TO BE EXACTED MONDAY, WHEN TIME EXPIRES

ED. L. KEEN
(United Press Staff Correspondent)

London, April 30.—The supreme council met in Downing street this afternoon to reach a final decision on the penalties to be exacted Monday from Germany for failure to meet her reparations debts.

Germany Refuses to Deliver Gold Reserve

Paris, April 30.—Germany today made its reparations negotiations with the United States an excuse for defying the allied ultimatum.

The German embassy here sent a note to the reparations commission refusing to deliver the Reichsbank gold reserve as demanded in the ultimatum which expires at midnight.

The note pointed out that Germany had made alternative proposals to President Harding, which are now under discussion, and that, therefore, the German government would be unable to comply with the allied demand.

Germany Must Transfer Foreign Utilities to Allies.

Paris, April 30.—The reparations commission will demand that Germany will transfer to the allies all rights and interests being held by the governments and citizens under concession and public utilities in Russia, Austria, Hungary, Bulgaria and Turkey, it was learned today.

French Mobilization 1919 Class Ordered.

Paris, April 30.—Plans were completed today for mobilization of the military class of 1919 to cover a period of eight days.

This levy will total 130,000 men not including students or men in the devastated areas who are exempted. Only word from the supreme council at London is necessary to start work of concentration.

Germany Negotiates Direct With Allies

London, April 30.—Germany resumed direct negotiations with the allies today, following the failure to communicate through the United States her latest reparations offer.

Lord D'Abernon, British ambassador to Germany, has arrived from Berlin with new German proposals. They are exact duplicates of those which she sought to present through American diplomatic channels. The amounts were \$12,500,000,000 in a lump sum, or \$50,000,000,000 over a period of years. This offer already had been characterized by the allied spokesmen as "unacceptable."

This latest move on Germany's part was generally regarded as a final effort to avert occupation of the Ruhr district as a penalty for non-payment of the reparations installments the allies claim is due Monday, and which Berlin is contending already has been paid.

The supreme council meeting at 2 o'clock this afternoon was expected to consider seriously the ultimatum to Germany in a period of days or hours demanding a better reparations offer. The financial experts have completed the draft and report for the supreme council. They were reported to have "split the difference" between the allied insistence on \$55,500,000,000 and Germany's offer of \$12,500,000,000, which would make the supreme council's probable lump sum demand \$34,500,000,000.

The offer brought by the British ambassador was again characterized by Germany as her "maximum proposal."

Snow is Falling In North Dakota

(By United Press)

Minot, N. D., April 30.—A wet snow was falling in the northern section of North Dakota today, and in southern Saskatchewan and eastern Montana.

Farmers welcomed the moisture because all wheat seeding has been completed.

ANTI TRUST PROCEEDINGS STARTED VS. STEEL TRUST

FEDERAL TRADE COMMISSION SO DIRECTS BY A THREE TO TWO VOTE

(By United Press)
Washington, April 30.—Price of food, homes and other necessities will be directly affected by the anti-trust proceedings started against the United States steel corporation by the federal trade commission, officials of the commission said today.

The complaint of the commission, issued by a vote of three to two, attacked the "Pittsburgh price base" practice, a move which has been sought by western steel producers and consumers for more than a year.

Under this practice western consumers of steel pay a basic price plus freight rate from Pittsburgh, even though the steel is shipped from Chicago and from other points near the home of the consumer.

Some of the industries affected by this practice, it was pointed out, were the farmers and manufacturers. High prices of farm machinery has helped boost food products.

Steel also has become a living factor in building industries, and is one of the main costs in railroad operations, which is forced to charge the highest freight rates in history.

In addition to the price base point practice, the commission charged the steel corporation has an effective control of prices charged by its subsidiaries and their competitors, and control the greater part of the iron ore mines as well as lines of transportation from mines and the coal mines and limestone quarries.

Another Deficiency Appropriation Bill

(United Press)
Washington, April 30.—Another deficiency appropriation bill to carry about \$50,000,000 has been tentatively agreed to by the house appropriation committee.

The request of the shipping board for additional appropriations of approximately \$170,000,000 will be granted, it was learned. The amount will not be reduced more than eight or ten million.

Uel W. Lamkin is director of the federal board for vocational education, which incurred some adverse criticism recently by reducing the compensation for certain classes of disabled soldiers.

GERMANY FAILS TO SEPARATE U. S. FROM ITS ALLIES

HARDING ADMINISTRATION DETERMINED TO STAND BY ALLIES

RAYMOND CLAPPER
(United Press Staff Correspondent)

Washington, April 30.—Germany's attempt to drive a wedge between the new Harding administration and the allies has failed flatly, it became known today.

As President Harding and Secretary of State Hughes proceed in dealing with the intricate reparations muddle they are determined upon one thing—they will not forget that the United States fought on the side of the allies during the world war.

If President Harding finds it advisable to urge any degree of lenience toward Germany in the present crisis, it will be because he has the economic welfare of the allies and the world at heart, and not through any desire to desert the allies and side with Germany.

The obvious conclusion drawn is that President Harding has decided not to be placed in a position of a neutral umpire, mediating between the allies and Germany.

Boxing Bouts in Winnipeg

(By United Press)
Winnipeg, April 30.—Jimmy Potts, of Minneapolis, handed out an artistic twelve round boxing lesson to Bill McKenzie of Winnipeg, Friday night.

Gus Bloomberg, also of Minneapolis, won over Battling Hugo of Fargo, in a ten round bout.

CHICAGO THUGS KILL REFORMER

HAD TOLD POLICE INSIDE STORY OF POLITICAL ASSASSINATIONS IN "BLOODY NINETEENTH"

(By United Press)
Chicago, April 30.—Chicago's underworld killed its worst enemy early today. The body of John L. Mahoney, reformer, was found riddled with bullets in the "Bloody Nineteenth" ward. Mahoney had told the inside story of the political assassinations in the "Bloody Nineteenth."

He had made several trips to the state attorney's office lately. It was also thought he was divulging facts about robberies and bootlegging.

Oil Operator Is Charged With Using Mails to Defraud

Oklahoma City, Okla., April 30.—United States Commissioner Chambers today directed that H. D. Mitchell, Oklahoma City oil operator, be taken to Devils Lake, N. D., to face charges of using the mails to defraud through the promotion of the Lake Region Oil company of Devils Lake. Chambers handed down his decision at the conclusion of Mitchell's preliminary hearing. Counsel for Mitchell served notice that they would appeal to the federal district court.

Chicago Police Trying to Find Rehm's Murderer

Chicago, April 30.—Police today sought two men in connection with the murder of Police Chief Rehm of West Chicago early yesterday.

Chief Rehm was shot and killed, and James Seanor, with whom he was talking, was wounded by a stranger in West Chicago.

The murderer escaped in an auto in which there were two women occupants.

The two women alleged to have been in the "murder car" are under arrest. They are Mrs. Marion Baume and Mrs. Elsie Bettes, both of St. Charles, Ill. The men sought are said to have been the companions of the women.

States Attorney Reed said the women admitted being in West Chicago the time of the murder.

ASSASSINS CUT WOMAN "FAITH HEALER'S" THROAT

(By United Press)

South Orange, N. J., April 30.—Mrs. Celeste Cassessa, 59, a "faith healer" was attacked and killed by four men here today as she was returning home in an automobile after visiting a patient.

The woman, whose throat was cut was believed to have been mistaken for the patient, Mrs. Joseph Selito, wife of a wealthy contractor, who has recently received several black hand threats.

The four men leaped onto the running board of the car which was driven by a son, Michael Selito. They bound the latter and one man shouted to Mrs. Selito, "Did you pay attention to the letters?"

Mrs. Selito screamed and one man jumped in the car beside her, whipped out knife and plunged it into her throat.

NEGRO BOY IS LYNCHED BY MOB

(United Press)

Bowling Green, Mo., April 30.—Attorney General Barrett today planned to appoint a special prosecutor to investigate the lynching of Ray Hammond, 19 year old negro, here last night.

Hammond was seized by a mob of three hundred men and boys as he was waiting in the custody of Sheriff Charles P. Moore and six deputies for a train to carry him to the penitentiary for an alleged attack on a young white girl. The sheriff and deputies were held prisoners for more than an hour while the crowd took Hammond a mile away and hanged him to a tree.

SEAMEN WILL ABIDE BY PRES. HARDING'S PLAN

IF HE CAN BE INDUCED TO APPOINT ARBITRATION BOARD TO SETTLE WAGE DISPUTE

(By United Press)

Washington, April 30.—"It is up to President Harding whether the marine workers go on strike or not."

Andrew Furuseth, in making this statement today, declared that the International Seamen's union, of which he is president, will abide absolutely by Harding's decision, if the president can be induced to appoint an arbitration committee to report to him on all points of the dispute between the seamen and ship owners.

Failure in their efforts to secure arbitration, a tieup of American shipping on all seaboards, throwing out of work about 175,000 men, is unavoidable, union leaders said.

President Making Inquiry

Washington, April 30.—The first attempt of the marine workers to have President Harding personally take a hand in the threatened strike set for tomorrow failed today.

Harding, however, indicated he is making a careful inquiry into the dispute which threatens to tie up American ocean and coastwise shipping.

Hoover and Davis to Solve Strike

Washington, April 30.—President Harding has turned the threatened seamen's strike over to Secretary of Commerce Hoover and Secretary of Labor Davis for settlement, it was learned at the White House today.

BRITAIN'S DOWNFALL FORECAST BY PASTOR

AMERICA WILL BE WORLD'S GREATEST POWER, DECLARES DEAN OF ST. PAUL'S

London, April 30.—A remarkable prediction of England's downfall as a great power was made recently by Very Rev. William Ralph Inge, dean of St. Paul's cathedral since 1911, writing in the Evening Standard.

"In 1914," Dr. Inge declares, "I prophesied that whatever might be the outcome of the war, it would lose our naval supremacy. If we won the war, I pointed out, America would take the lead, and if we lost, Germany."

"I believe our dominions probably will remain under the Union Jack, but they also will try to insure themselves with America, and as time goes on, they will lean more and more upon what will then be the dominant English speaking power."

"Our nation is not played out by any means, but now in the time of peace it is unwilling to pay the price which made our little island a great world power, and that chapter of our history, accordingly, is nearing its end."

"As soon as a civilized government is set up in Russia it will need the help of Germany, and we may expect such an alliance. Germany's war indemnity will be repaid in a very few years and neither England nor France will be able to exact it."

"I do not think the Germans will wish to attack us—in plain terms we shall not be worth it. But the Russians will order us out of Mesopotamia which, strategically, is quite indefensible, and we probably will be glad enough to quit Palestine."

"America will be the greatest world power and pan-Europe as an alliance against her is not unthinkable, although I do not expect it."

one of the clearest sighted and least Dr. Inge is regarded in London as a sensational of public men. He is the author of many books on public affairs, civics and philosophy.

PEACE TREATY WITH GERMANY WILL BE MADE

FOLLOWING ADOPTION OF THE KNOX RESOLUTION, SAID SENATOR LODGE

L. C. MARTIN,
(United Press Staff Correspondent)

Washington, April 30.—A treaty of peace with Germany probably will follow the Knox peace resolution declaring an end the state of war between the United States and the central powers, Senator Lodge, of the foreign relations committee, told the senate today in a speech on the Knox peace resolution.

Lodge's statement is the first definite intimation of Harding's policy in this respect, and it was accepted as meaning that a separate peace will be made.

Submarine Runs Ashore; Being Pulled Off

(United Press)

New London, Conn., April 30.—The submarine O-10 was being pulled off Montauk point shoals today. She ran ashore around four o'clock this morning. The coast guard cutter Achushnet and the tugboat Lykens began hauling her into deep water.

Lieut. Carr is commander of the submarine, the crew of which totals three officers and 26 men.

Submarine Floated

New London, Conn., April 30.—The United States submarine O-10 which went aground on Montauk point early today, was floated shortly after two o'clock.

She was extracted by a tug assisted by her own power. Apparently there was no damage done to the boat and she started for this point.

Liquor Prices Crash

Montreal, April 30.—Liquor prices crashed here as dealers who go out of business today under the new Quebec law, sold out below cost. Prices were: Champagne, \$5 a quart; port wine, \$1 a quart; sherry, \$1 a quart; Chianti, \$1.25 a quart; Madras, \$2 a quart; Scotch, 2 to \$3.15 a quart. The government takes charge of all liquor sales today.

BRITISH COAL MINERS' STRIKE CAUSES BIG LOSS

FIFTY MINES HAVE ALREADY BEEN DESTROYED BY FLOODING

INDUSTRIES ARE ALMOST PARALYZED—MISERY AND HUNGER IS GROWING

LLOYD ALLEN
(United Press Staff Correspondent)

London, April 30.—Fifty coal mines already have been destroyed by floods, it was announced today.

This indicated the extent to which the entire structure of British industry is collapsing under the pressure of the miners' strike.

Further evidence of the growing industrial paralysis were shown in these conditions:

Only thirteen steel furnaces are operating out of a total of five hundred. Train schedules have been reduced fifty per cent.

All express trains have been discontinued. Daylight saving is to be extended another hour and all lighting curtailed.

The country is expected soon to be dependent upon foreign coal. A cargo of coal shipped by way of Holland was unloaded under police protection.

Misery and hunger is growing. The capacity of charitable institutions is being taxed by the plight of families of many workers thrown out of work as a direct result of the strike.

10,000 Farmers Have Received Loans to Buy Seed

(By United Press)

Washington, April 30.—Secretary of Agriculture Wallace today sent to Rep. Young of North Dakota, a report showing that ten thousand farmers in the drought stricken area of the northwest have received loans with which to purchase seed.

Practically all of the money was used in North Dakota and Montana. \$633,000 having been loaned in North Dakota and \$679,000 in Montana.

Idaho loans number 434 and the amount is \$38,996, while those in Washington number forty and total \$3,700.

U. S. Chamber of Commerce Will Support Sales Tax

(By United Press)

Atlantic City, April 30.—A federal sales tax will receive the support of the Chamber of Commerce of the United States, it was indicated at the annual convention of that body here Friday.

The delegation voted on the proposition. A majority of the members favored tax.

Edwin N. Hurley, former chairman of the United States shipping board, said in address that one third of the American farm homes now have electrically operated vacuum cleaners, flat irons and other useful labor saving devices. This he said, should tend to make farm life more bearable and stop the drift of people to the city. This he said would reduce the cost of living.

NOTICE

The Rules and Regulations of the
Water and Light Board, which will
be distributed soon, require that all
water furnished to consumers must
pass through a meter for registra-
tion. To this end, those who have
not had a meter installed will please
arrange their plumbing so that a
frost proof place, can be used for the
reception of meter, (frost proof to
avoid expense in future). Those
having outside connections will so
arrange this service so that water
will first pass through meter. The
Board at their last meeting extend-
ed the time for this work to June 1,
1921. We ask the cooperation of all
to this end.

For months this car has been selling below cars in its class and this further reduction places a real automobile within reach of those who contemplate buying a smaller car.

Mechanically the Elear contains nationally known units that most of the notably high-grade cars have in common. It embodies the work of world's best automotive engineers, supplemented by work of our own unexcelled engineering department. The result is a chassis that is an engineering triumph.

Come in and see the car. Compare it part by part with cars selling for hundreds of dollars more. Examine the beautiful bodies, then ride in it. You will be astonished.

CHIROPRACTIC HEALTH BREVITIES

There are 310 mechanical movements known to workmen. All are modification of those occurring within the human body.

In the human machine are parts which in principle are like all the bars, levers, joints, pulleys, pumps, pipes, wheels, axes, bearings, sockets, beams, girders, trusses, arches, columns, cables, and supports known to science. Man's mechanical works are but adaptation of principles to the form and action of the body.

WHY NOT ADJUST THE HUMAN MACHINE TO THE CAUSE OF ITS DISEASE AND AILMENTS?

A DRUGLESS HEALTH SCIENCE
Provides an art of skilled adjustment by hand for the removal of the cause of disease. Cures that follow necessarily result from Nature as no drugs or remedies are used or recommended.

BRAINERD HIGH IS VICTOR 16-6

Brainerd High School Baseball Nine
Defeats Little Falls in Thurs-
day's Game

LOCALS WERE IN GREAT FORM

Hendrickson Pitched First Seven In-
nings, Holding Down River
Town Scoreless

(Contribute by D. H.)
The Brainerd high baseball nine
opened its season Thursday at Little
Falls with an overwhelming vic-
tory over the down river team by a
score of 16 to 6.

Hendrickson was chosen by Coach
Scherich to do the twirling for the
Brainerd boys. He pitched the first
seven innings getting eight strike-
outs and holding the Little Falls
boys scoreless. The score at this
time was 16 to 0. Shello then took
up the duties of twirling but could
not control the ball with the result
that Little Falls made six runs.
Closterman, speedy quarterback on
this years football team was called
upon to take the mound, and held the
Little Falls boys scoreless.

Bobby Hill, played a wonderful
game at catch and connected with
the ball for five safe hits in six
trips to the plate, scoring three times.
In the second inning the local boys
made a lightning double-play, with
a Little Falls man on first, Beale
pulled down a fast liner and whip-
ping it to Hurley, easily caught the
man off first by ten feet.

The Little Falls boys looked very
neat in their new uniforms, al-
though the local boys were not as
nifty in dress as their opponents, they
outplayed the down river boys in
every position.

The local boys will lineup next
week against the Crosby-Brant
high team at the Koering field.

Fishing Up Deadheads to be

Sawed Into Lumber

J. A. Joncas will soon have his
Northeast Brainerd sawmill in work-
ing order and if all plans carry out
well, sawing will commence next
Wednesday. The mill, located in
Northeast Brainerd, will cut an av-
erage of 25,000 feet daily.

Three steamboats will be in use for
fishing up deadheads to be sawed in-
to lumber. Employment will be giv-
en to 60 men in mill and on the
river. A busy season is forecast.
This afternoon T. J. Latta of Elk
River, a well known sawfiler, arriv-
ed to join the mill staff. Mr. Latta
in the early days worked for George
H. Cook. He is the father of W. W.
Latta, formerly with the Dispatch.

C. A. ALLBRIGHT TOASTMASTER

Officers Elected, Dr. J. A. Thabes is
President, Dr. George Ribbel
Named Secretary

Alumni of the University of Minn-
esota gathered at a festal board at
the Hotel Ransford on Friday eve-
ning and after listening to inspiring
addresses, eulogies by Edward B.
Pierce covering former president Fol-
well and Northrup, reviving old tra-
ditions, a nominating committee pre-
sented names and these officers were
elected:

President—Dr. J. A. Thabes.

Vice President—Miss Mary Torn-
strom.

Secretary—Dr. George Ribbel.

Treasurer—Frank Lowey.

Forty-five alumni from Brainerd
and vicinity were present. An ex-
cellent dinner was served by the ho-
tel management. The decorations
were maroon and gold streamers over
the tables, with a center decoration
of moose and flowers, the latter being
the state flower.

Between courses Mr. Dillan led in
songs. The formal program was
launched when Toastmaster Judge

C. A. Albright made the introductory
remarks.

A duet was sung by the Misses
Weimar. They were in excellent
voice. Dr. J. A. Thabes of the class
of 1896, gave reminiscences of col-
lege days. He is the first Brainerd
man to receive a degree from the
University of Minnesota.

Judge Walter F. Wieland spoke of
the duties of the alumni, that they
should perpetuate this organization
and lend their voice to mould univer-
sity affairs. He gave a history of
the university from 1851 to present
days.

Dr. G. I. Badeaux sang a pleasing
solo.

Edward B. Pierce, registrar of the
university, gave a eulogy for for-
mer Presidents Folwell and Northrup
and mentioned old traditions. He
showed the value of an aggressive,
active alumni association and men-
tioned acts of the association in se-
curing for the university the present
budget.

Dr. K. H. Hoorn made a few re-
marks. City Attorney D. H. Fuller-
ton presented articles and bylaws of
an alumni association which were
adopted. The nominating committee
named was D. H. Fullerton, Walter
F. Wieland, Miss Drew and Mrs. F.
E. Stout. The names presented were
adopted for the offices selected.

Sentiment was expressed in favor

to Richard S. Wilcox of Bis-
marck, N. D.

Col. A. J. Halsted has sold his
weekly newspaper, the Brainerd Tri-
bune, to Richard S. Wilcox of Bis-
marck, N. D., who will conduct it
under the name of Tribune Publish-
ing Company.

Mr. Wilcox was formerly in charge
of the western department of the
Bismarck Tribune and has had other
city newspaper experience. He had
charge of the political campaign of
Attorney General Langer for gover-
nor of North Dakota and espoused the
cause of Senator Hiram Johnson, who
carried North Dakota primaries. He
was first president of the Sigma Delta
Chi, Minnesota Chapter.

The Brainerd Tribune, said Mr.
Wilcox, will be independent republi-
can. Various improvements are to be
made in the paper's mechanical de-
partment.

Col. A. J. Halsted, after 37 years
newspaper work in Brainerd, will re-
tire from active work, but will con-
tinue for some time as a contributing

BRAINERD OFFICE SUPPLY CO.

editor to the Tribune. The colonel
has been actively engaged in news-
paper work the past 54 years. He
sold papers at 14, operated a news-
stand in Bridgeport, Ohio when 15,
was clerk in the surveyor of customs
office in Wheeling, W. V. when 17, a
compositor on the Montrose Republi-
can in 1870 and later city editor.
In 1879 he founded an afternoon pa-
per in Wheeling, W. V., selling it
four years later. In 1884 he came
to Brainerd.

BOUGHT A CHEVROLET

Geo. Stillwell traded in his old car
and got a new 490 Chevrolet. He is
also after the \$70.00 refund check to
be given the purchaser on August
1st.

The Church of the Cordial Welcomes

What way will you honor Your Mother On Mother's Day, May 8th?

Here is the way to honor her in a
wonderful manner. We make it easy
for you to present her with a gift
that will bring constant pleasure—
not merely for a day. She will be
thrilled at your thoughtfulness and
delighted with your choice of a re-
membrance. And, since it is a sur-
prise, the day will be all the more
delightful.

Mothers' Day Club— A Brunswick Idea

We've organized a secret society
amongst sons and daughters—a
conspiracy of happiness. And we
call it Mothers' Day Club. We

Part of the plan centers around
one of the beautiful Brunswick
Phonographs, Model 112. And
there is a special collection of

Records, suitable for the
occasion—and—but we
nearly gave the secret
away.

Come in and let us ex-
plain it personally. And
since the time is short,
we suggest coming in at
once.

How About Your Transmission?

Unless direct, uninterrupted connection is maintained with your
power house your electric light will not burn, and you will be
in darkness. Unless uninterrupted transmission of the
Vital Force generated in your brain exists the organs
which should receive the full power of this force will
suffer and a state of so-called dis-ease will be the results. The
Chiropractor will see to it that the transmission of this vital
force is uninterrupted by relieving the nerve pressure which
stops it.

WATER AND LIGHT BOARD

Had a Short Monthly Meeting. Two Members Present, Park Board Regulation Made

The water and light board had a short monthly meeting two commissioners, IVce President, Weidenmann and Commissioner Arnold being present.

The board granted the use of water free to the park board for use in the various parks with a certain restriction as to the use of automatic drinking fountains.

TAG DAY RESULTS

5,000 Tags Disposed of on Friday. Money Derived for Maintenance of Nurse's Car

Tag Day on Friday saw 5,000 tags disposed of, said Mrs. R. A. Beise in giving a short summary of what was accomplished. All ladies appealed to took great interest in the canvass and gave whole hearted support.

The money derived will be used for maintenance of the City Nurse's car and other expenses.

At the Lyceum

Never has Viola Dana had a part affording her greater opportunity to display her irrepresable charms than in "The Chorus Girl's Romance," which is adapted from the fiction of

theatre Sunday matinee and night.

It might be added that there are other chances provided by the story which is adapted from the fiction of F. Scott Fitzgerald, and published originally in The Saturday Evening Post under the title of "Head and Shoulder." The second chance Miss Dana has is to shimmy. As the leading woman in a musical comedy first-nighting in New Haven, the little star is called upon to cause her shoulders to be agitated in that peculiarly modern and provocative manner which has been labelled the shimmy. And those who have had advance views of Viola's most recent picture says she does.

At the New Park Sunday

One of the best comedy-dramas of the screen is "So Long Letty," which

will be shown for a period of one day at the New Park theatre Sunday. Adapted to the silver sheet from Oliver Morosco's famous and successful stage play of the same name, "So Long Letty" appears to better advantage on the screen because of the wider scope of the camera.
